

50th Anniversary of the WING

On the occasion of the **50th Anniversary of the WING** the WING Congress will take place in **Graz** from **22nd to 24th May 2014**.

The congress will focus on the topic:

„Industrial Engineer and Manager - A Success Model“

Senior representatives of business, who are themselves Industrial Engineers and Managers, are keynote speakers and present the following topics (German tracks):

- *Is the Austrian infrastructure competitive?*
- *The way to the top - success factors for the Industrial Engineers and Managers!*

About 300 participants from the industry and university sectors are expected for the congress. International specialists come from the following business sectors:

- *Mechanical and Automotive Industry*
- *Business Consulting and Information Technology*
- *Computer Science and Software Technology*
- *Construction Industry*
